This declaration states that you have no medical or other impairments that would prevent you from discharging your general safety obligation to operate a Recreational Vessel or Personal Watercraft.

Please Note: A Medical Certificate issued to operate a Motor Vehicle is not Valid to operate a vessel.

The following provides some examples of medical conditions which may affect the safe operation of a vessel:

If you feel that you may have some medical condition which could prevent you from complying with these requirements you are advised to contact the [Boatsafe Administration Officer](#) of Queensland Transport, Maritime Safety on 07 3066 3881 to discuss the matter prior to commencing the course. The Medical Disclosure Statement will be provided on the day and must be signed prior to the issue of your Statement of Competency. Once the Training is completed there will be no refund offered if it is established that you do not comply with the medical requirements. Your Training Provider will not enter into any discussions on your Medical Condition other than to ensure the Medical Disclosure Statement has been signed.
